FOR IMMEDIATE RELEASE – WEDNESDAY, FEBRUARY 23, 2022

DOUGLAS COUNTY COVID-19 WEEKLY UPDATE

(Douglas County, Ore.) DOUGLAS COUNTY COVID-19 UPDATE #670

WEEKLY RECAP – THURSDAY, FEBRUARY 17, 2022 - WEDNESDAY, FEBRUARY 23, 2022			
Total Number of New Local COVID-19 Cases* Reported for the Week	Total Number of People w/ Positive PCR or Antigen Test Results Reported for the Week	Total Number of New Presumptives Reported for the Week	Total Number of COVID-19 Related Deaths Reported for the Week
257	229	28	11

*Our COVID quick look includes the total number of new cases in Douglas County for the week, which combines people with positive test results and presumptives for the previous week.

Douglas County, OR - COVID-19 – Seven Day Case Update Chart†							
Date	Thursday, February 17, 2022	Friday, February 18, 2022	Saturday, February 19, 2022	Sunday, February 20, 2022	Monday, February 21, 2022	Tuesday, February 22, 2022	Wednesday, February 23, 2022
Total COVID-19 Cases to Date	19,075	19,141	19,177	19,196	19,208	19,249	19,290
People w/ Positive PCR or Antigen Test Results	18,215	18,270	18,301	18,319	18,330	18,368	18,403
Presumptives	860	871	876	877	878	881	887
Total Currently Hospitalized	28	23	21	21	21	20	20
Total Hospitalized Patients NOT Fully Vaccinated	22 of the 28	18 of the 23	13 of the 21	13 of the 21	13 of the 21	12 of the 20	13 of the 20
Total COVID-19 Related Deaths	354	360	360	360	360	362	364

†Our COVID case update chart includes the total number of cases reported in Douglas County since the beginning of the pandemic in our county on March 8, 2020. The chart illustrates the combination of residents with positive test results and confirmed presumptives, as well as the breakout of each of those. There will be times when a presumptive will move to a positive test result, and our total case number will not change because the case has already been counted in our over-all total. We follow the CDC definition for fully vaccinated and up-to-date, which states that a fully vaccinated person is someone who has received both doses of a two-dose COVID-19 vaccine, or one dose of a single-dose COVID-19 vaccine and at least 14 days have passed since the individual's final dose. Up-to-date means they have completed the full series of the COVID-19 vaccine, and if eligible they have also gotten their booster, or if they are fully vaccinated, but not yet eligible for a booster.

LOWER UMPQUA HOSPITAL CONTINUES TO OFFER A COVID-19 VACCINE CALL CENTER AND WILL RESUME THEIR WEEKLY COVID-19 VACCINE CLINIC THIS WEEK

**LOWER UMPQUA HOSPITAL DISTRICT
COVID-19 VACCINES**

When: Fridays
From: 12:00 p.m. to 2:00 p.m.
Where: Reedsport Medical Clinic
385 Ranch Rd.

Offering Pfizer and Moderna
No Appointment Necessary
Ages 12+

For ages 5-11, call 541-271-0105 to schedule a pediatric dose.

Shared from [Lower Umpqua Hospital District](#). Lower Umpqua Hospital District (LUHD) continues to offer a COVID-19 Vaccine Call Center for COVID-19 vaccine information in the Reedsport area. For ages 12 to adult call (541) 271-2175 or for ages call (541) 271-0105, Monday through Friday from 9 am to 4 pm.

Also, in light of the closure of the Reedsport drive-through FEMA COVID-19 vaccine clinic, LUHD announced that they will be resuming their weekly vaccination program this week. The daily FEMA COVID-19 vaccine clinic, that was located at the Douglas County Courthouse Annex, opened on Saturday, January 29, 2022, and closed up operations on Saturday, February 19, 2022. During that time, LUHD had suspended their weekly vaccine clinics. They now

→ Information (541) 672-3311

plan to resume their COVID-19 vaccine program, which is open every Friday from 12:00 pm – 2:00 pm at the Reedsport Medical Center, located at 385 Ranch Road in Reedsport. The clinic will reopen starting this Friday, February 25, 2022. Vaccines are available to those ages 12+. They are being offered on a walk-in basis, so no appointments are necessary. For ages children, 5-11, please call (541) 271-0105 to schedule a pediatric dose.

LOCAL VACCINE AND BOOSTER AVAILABILITY REMAINS HIGH

The COVID-19 vaccines and booster doses are readily available around the county. Check with your health care provider, AVIVA Health, Umpqua Health, Lower Umpqua Hospital, local pharmacies, Roseburg VA or attend a local drive-thru clinic.

1. **Our Local COVID Hotline is Still Active and Available.** Our local COVID-19 hotline at **(541) 464-6550** has been in operation since March of 2020. They are ready and available to help answer your COVID-19 related questions about vaccine availability, how to isolate or quarantine, provide referrals for care and when/where to get tested. The hotline is open 7 days a week from 8:00 am to 5:00 pm. Just a reminder that the hotline does not provide medical advice. If you need medical attention or advice, please contact your health care provider or a local urgent care facility.
2. **DPHN's EPI-Team is Still on the Job.** As they have since the beginning, Douglas Public Health Network (DPHN), our local public health contractor works under the Douglas County Commissioners, Tim Freeman, Tom Kress and Chris Boice, who still retain the Public Health Authority for the County. DPHN will continue to conduct local case investigations; provide case management and education; offer support services to isolated cases and maintain their tracking and reporting systems.
3. **We Encourage Everyone To Get Your Initial Series, And If Eligible, Get A Booster.** If you had a previous infection, a dose of the mRNA vaccine will increase your immunity. The OHA drive-through COVID-19 vaccine clinic in Roseburg is located in the parking lot at the corner of NE Fowler Street and Diamond Lake Blvd. (across from the Roseburg Public Library). It is open every day from 10:00 am to 5:00 pm and no registration is necessary. Vaccines are also available from Aviva Health locations, Lower Umpqua Hospital, local health care providers, urgent care facilities and local pharmacies. Call ahead or make an appointment online for these vaccine locations
4. **Please Help to Protect our Emergency Systems.** Please do not call 911 or the hospital to ask COVID-19 questions. We need our emergency systems to continue to function and be available for those that need it most. If you are not seriously ill, but need medical advice or want testing, please contact your health care provider. If you don't have a provider, please call our local COVID Hotline at (541) 464-6550 and they will try to help connect you with a local health care provider.

WE CONTINUE TO ENCOURAGE RESIDENTS TO STAY HEALTHY

Our team continues encourage everyone, for the sake of our local businesses, services, economy and neighbors, to make the best decision for yourself and your family in order protect those around you from contracting or spreading the coronavirus disease. We have provided education on implementing the widely proven and age-old safety measures to prevent the spread of respiratory illnesses, including COVID-19 and influenza. Our team encourages you to access your risk and comfort level, and make the best choice for you and your family.

1. Please stay home from work, school, shopping or running errands if you are sick.
2. Please consider getting vaccinated, if you have not gotten the shot yet. Get the booster dose too!
3. Cover your coughs and sneezes with a tissue, and then throw the tissue in the trash.
4. Wash your hands often with soap and water for at least 20 seconds.
5. If soap and water are not readily available, use an alcohol-based hand sanitizer that contains at least 60% alcohol.
6. Consider wearing a face covering when you are around those not from your immediate household or when you are in indoor settings.
7. Avoid close contact with people who are sick.
8. Avoid touching your eyes, nose and mouth with unwashed hands.
9. Never visit a hospital or long-term-care facility if you have a fever or cough due to an illness.
10. Clean and disinfect surfaces that are frequently touched.
11. Delay or limit travel to COVID hot spots or highly populated areas.
12. Take care of your health overall. Staying current on your vaccinations, including flu vaccine, eating well and exercising all help your body stay resilient.

DOUGLAS COUNTY HOSPITALIZED PATIENT UPDATE

As of today, Wednesday, February 23, 2022, there are **TWENTY (20)** Douglas County COVID-19 patients that are being hospitalized, seventeen locally and three out-of-the-area. We continue to work with Mercy to provide information on our COVID patients being hospitalized locally, this last week they averaged 2 COVID-19 positive patients a day in the

DOUGLAS COUNTY BOARD OF COMMISSIONERS

TIM FREEMAN

TOM KRESS

CHRIS BOICE

1036 SE Douglas Ave., Room 217 → Roseburg, Oregon 97470

Intensive Care Unit (ICU) and 3 COVID-19 positive patients a day in the Progressive Care Unit (PCU). This last week an average of **16%** of their total hospitalized patients were COVID positive. Of our hospitalized patients today, **THIRTEEN (13)** of the 20 patients are not fully vaccinated.

NEWLY REPORTED COVID-19 RELATED DEATHS OF DOUGLAS COUNTY RESIDENTS

Douglas County Public Health has confirmed the deaths of more Douglas County residents related to the COVID-19 virus. Our team confirms and then reports all COVID-19 related deaths in the order that they are received. Our **three hundred and fifty-fourth** COVID-19 related death was a 72-year-old man who was diagnosed with COVID-19 and passed away on Tuesday, February 15, 2022. He was not vaccinated. Our **three hundred and sixtieth** COVID-19 related death was a 73-year-old man who passed away on Thursday, February 10, 2022 and was diagnosed with COVID-19 post-mortem on Monday, February 14, 2022. He was fully vaccinated, but not up-to-date. Our **three hundred and sixty-first** COVID-19 related death was a 66-year-old man who was diagnosed with COVID-19 on Sunday, February 20, 2022 and passed away on Monday, February 21, 2022. He was not vaccinated. Our **three hundred and sixty-second** COVID-19 related death was a 66-year-old man who was diagnosed with COVID-19 on Monday, February 7, 2022 and passed away on Sunday, February 20, 2022. He was fully vaccinated, but not up-to-date. In the interest of privacy for the loved ones of these residents, and as our ethical responsibility to follow all medical laws, no additional information will be released. Douglas County Public Health officials thoroughly scrutinize and investigate all deaths, and review all medical records to make sure that everyone we report has met the requirements for a COVID related death, as per the [Oregon Disease Investigative Guidelines for COVID-19](#). Each death related to COVID-19 is painful for all Douglas County residents, and a sad reminder of the terrible impact COVID-19 has had in our local communities. The Douglas County Board of Commissioners, Dr. Dannenhoffer, DPHN and our COVID-19 Communications Team extend our heartfelt condolences and sympathies to all family members, friends, relatives, co-workers and community members of those who have passed after contracting this deadly virus.

NOTIFICATION OF DELAYED COVID-19 RELATED DEATHS OF DOUGLAS COUNTY RESIDENTS

Douglas County Public Health has been receiving delayed reports of COVID-19 related deaths of Douglas County residents from Oregon Vital Records, hospice/long-term care facilities and out-of-state institutions. Our team confirms and then reports all COVID-19 related deaths in the order that they are received. Our **three hundred and fifty-fifth** COVID-19 related death was a 69-year-old man who was diagnosed with COVID-19 and passed away on Monday, January 24, 2022. He was not vaccinated. We were notified by hospice of the COVID-19 related death on Wednesday, February 16, 2022. Our **three hundred and fifty-sixth** COVID-19 related death was an 86-year-old woman who was diagnosed with COVID-19 on Monday, January 31, 2022 and passed away on Wednesday, February 2, 2022. She was not vaccinated. We were notified by hospice of the COVID-19 related death on Wednesday, February 16, 2022. Our **three hundred and fifty-seventh** COVID-19 related death was a 57-year-old man who was diagnosed with COVID-19 on Sunday, October 10, 2021 and passed away on Thursday, January 6, 2022. He was not vaccinated. We were notified by hospice of the COVID-19 related death on Wednesday, February 16, 2022. Our **three hundred and fifty-eighth** COVID-19 related death was a 66-year-old man who was diagnosed with COVID-19 on Tuesday, October 26, 2021 and passed away on Saturday, January 15, 2022. He was not vaccinated. We were notified by hospice of the COVID-19 related death on Wednesday, February 16, 2022. Our **three hundred and fifty-ninth** COVID-19 related death was an 87-year-old woman who was diagnosed with COVID-19 on Monday, January 24, 2022 and passed away on Friday, February 11, 2022. She was not vaccinated. We were notified by hospice of the COVID-19 related death on Wednesday, February 16, 2022. Our **three hundred and sixty-third** COVID-19 related death was a 70-year-old man who was diagnosed with COVID-19 on Friday, January 14, 2022 and passed away on Wednesday, February 2, 2022. He was partially vaccinated and not up-to-date. We were notified by hospice of the COVID-19 related death on Tuesday, February 22, 2022. Our **three hundred and sixty-fourth** COVID-19 related death was a 92-year-old woman who was diagnosed with COVID-19 on Monday, January 17, 2022 and passed away on Monday, January 31, 2022. She was fully vaccinated, but not up-to-date. We were notified by hospice of the COVID-19 related death on Tuesday, February 22, 2022. In the interest of privacy for the loved ones of these residents, and as our ethical responsibility to follow all medical laws, no additional information will be released. Douglas County Public Health officials thoroughly scrutinize and investigate all deaths, and

→ Information (541) 672-3311

review all medical records to make sure that everyone we report has met the requirements for a COVID related death, as per the [Oregon Disease Investigative Guidelines for COVID-19](#). Each death related to COVID-19 is painful for all Douglas County residents, and a sad reminder of the terrible impact COVID-19 has had in our local communities. The Douglas County Board of Commissioners, Dr. Dannenhoffer, DPHN and our COVID-19 Communications Team extend our heartfelt condolences and sympathies to all family members, friends, relatives, co-workers and community members of those who have passed after contracting this deadly virus.

COVID-19 VACCINATION WEEKLY UPDATE – WEEK ENDING SATURDAY, FEBRUARY 19, 2022

As in most of the country, the vaccine pace continued to slow in the last week in Douglas County, with 445 doses given, despite vaccine clinics being open daily. This suggests that nearly all who want a vaccine or booster have gotten one. Although many (253) were boosters, there were 81 first time doses of the vaccine. The remaining vaccines are second and third non-booster doses. We continue to compare and track our numbers using CDC's vaccine data, as they more accurately represent our vaccination numbers. The data includes the Federally administered doses given at the Roseburg VA, that Oregon's ALERT System only recently started including in their reports. Our current numbers are as follows:

- **For those 18 years old and above in Douglas County who are fully vaccinated** (as calculated by the CDC) is currently, we are at **61.5%**. As almost all of the hospitalizations and deaths are in this age group, it is a measure of vaccine efficiency to prevent hospitalizations.
- **The percent of the ENTIRE population in Douglas County** who are fully vaccinated (as calculated by the CDC) is currently **52.1%**. This percentage, plus the number of natural infections gives an idea of the level of community immunity.
- **Those Douglas County residents who have received a booster** (as calculated by the CDC) have the best vaccine protection. For the entire population **42.8%** are vaccinated and boosted and for those over 65, **64%** are fully vaccinated and boosted.

The Omicron surge is now ebbing. We are seeing that vaccination plus boosting has provided excellent protection against hospitalization and death. Among our recent deaths, almost all were not up to date on their COVID-19 vaccine.

It is not too late to get a vaccine. Please get your initial series, and if eligible, get a booster. If you had a previous infection, a dose of the mRNA vaccine will increase your immunity. It is not too late to get a vaccine. We encourage you to consider getting your initial series, and if eligible, get a booster. If you had a previous infection, a dose of the mRNA vaccine will help to increase your immunity. The OHA vaccine clinic located in the parking lot at the corner of NE Fowler Street and Diamond Lake Blvd. in Roseburg is open every day from 10:00 am to 5:00 pm until further notice. No registration is necessary for this clinic. Vaccines are also available from Aviva Health locations, Lower Umpqua Hospital, local health care providers, urgent care facilities and local pharmacies. Please make sure to call ahead or make an appointment online for these other locations that offer the vaccine.

REMINDER: DOUGLAS COUNTY COVID-19 UPDATE IS A WEEKLY PUBLICATION

As a reminder, as of Wednesday, December 1, 2021, we shifted to a weekly release for our Douglas County COVID-19 Update. But, our team will continue to post our [COVID-19 Seven Day Case Update Chart](#), as well as our updated information list of [Local COVID-19 Resources](#) to the county website (www.co.douglas.or.us) on weekdays (except for holidays and observed holidays).

STATE AND FEDERAL COVID-19 INFORMATION

The Federal and State Governments, and their agencies are the ones that set policy, issue mandates and provide the guidelines for a state of emergency like the current COVID pandemic. For information log onto [U.S. Center for Disease Control \(CDC\)](#) and the [Oregon Health Authority \(OHA\)](#). If you have questions about the current guidelines, mandates or the recommendations, please contact them directly for more information. OHA posts their daily updates at www.healthoregon.org/coronavirus. Please do not call 911, Douglas County Sheriff's Office or Douglas County Offices to report issues with the State of Oregon, OHA or the Governor's mandates.

ACCESS TO LOCAL COVID-19 RESOURCES

📖 **LOCAL ONLINE ACCESS TO UPDATES:** Stay up to date with accurate and local COVID-19 information by visiting the [Douglas County Government Website](#) or [DCGOV Facebook page](#) or the [DPHN Website](#) or [DPHN Facebook page](#).

UPDATED: 2-22-22 OHA/FEMA DRIVE THRU VACCINE CLINIC IN REEDSPORT CEASED OPERATIONS ON SATURDAY, FEBRUARY 19, 2022. If you have questions about COVID vaccination clinics in Oregon, please contact OHA directly at (866) 698-6155 or log onto: www.oregon.gov/OHA or call the VIVE NW support line at (844) 291-4970.

LOWER UMPQUA HOSPITAL DISTRICT COVID-19 VACCINES

When: Fridays
From: 12:00 p.m. to 2:00 p.m.
Where: Reedsport Medical Clinic
385 Ranch Rd.

Offering Pfizer and Moderna
No Appointment Necessary
Ages 12+

For ages 5-11, call 541-271-0105 to schedule a pediatric dose.

LOWER UMPQUA HOSPITAL DISTRICT: UPDATED: 2-22-22 Lower Umpqua Hospital District continues to offer a COVID-19 Vaccine Call Center for COVID-19 vaccine information in the Reedsport area. For ages 12 to adult call (541) 271-2175 or for ages call (541) 271-0105, Monday through Friday from 9 am to 4 pm.

Also, in light of the closure of the Reedsport drive-through FEMA COVID-19 vaccine clinic, LUHD announced that they will be resuming their weekly vaccination program. The FEMA COVID-19 Vaccine Clinic, that was located at the Douglas County Courthouse Annex, opened on Saturday, January 29, 2022, and was open daily until it closed on Saturday, February 19, 2022. During that time, LUHD suspended their weekly vaccine clinics. They plan to resume their COVID-19 vaccines on Fridays from 12:00 pm – 2:00 pm at the Reedsport Medical Center, located at 385 Ranch Road in Reedsport. Vaccines are available

to those ages 12+. They are being offered on a walk-in basis, so no appointments are necessary. For ages children, 5-11, please call (541) 271-0105 to schedule a pediatric dose.

 **AVIVA HEALTH: UPDATED 1-19-22**

TESTING: Due to COVID-19 case surges and decreased availability of testing supplies, Aviva Health is following the current OHA guidelines to prioritize testing for people who need it. We are temporarily suspending testing for non-medically necessary reasons, such as travel and other leisure activities. Please consult your PCP or call (541) 492-2067 if you have any questions. Aviva Health continues to offer vaccinations and boosters to eligible people at our Vaccination Clinic located at 4221 NE Stephens Street in Roseburg. Appointments are required and can be self-scheduled online by visiting: <https://consumer.scheduling.athena.io/?locationId=17792-24&practitionerId=17792-121>.

COVID VACCINE*: ALL vaccinations are by appointment only** Aviva Health continues to offer free drive-through COVID-19 vaccination services to patients and non-patients, by appointment only. Patients must be Douglas County residents. Residents may schedule a vaccine appointment by calling (541) 492-2067. Vaccinations are also available on a limited basis, by appointment only at Aviva Health's outlying clinics in North County, Sutherlin, Glide, and Myrtle Creek. People seeking vaccinations at their outlying clinics should call (541) 672-9596, to determine availability.

COVID-19 BOOSTER VACCINES*: ALL vaccinations are by appointment only** Aviva Health is now offering the Pfizer and Moderna COVID-19 boosters to certain groups of people, **by appointment only**, at its vaccination clinic located at 4221 NE Stephens Street, Suite 101A, Monday through Friday, from 8:30 am to 11:30 am and 1:00 pm to 4:30 pm. Please call (541) 492-2067 to schedule your booster appointment. For more information please visit www.aviva.health/covid-19-resources/.

 **LOWER UMPQUA HOSPITAL DISTRICT:** Lower Umpqua Hospital District has a COVID-19 Vaccine Call Center for COVID-19 vaccine information in the Reedsport area. Call (541) 271-2175, Monday through Friday from 9 am to 4 pm.

 **COW CREEK HEALTH AND WELLNESS CENTER: UPDATED 1-27-22**

VACCINATIONS:** Cow Creek Health and Wellness and Cow Creek Public Health is temporarily pausing community vaccines and boosters in order to provide increased capacity for COVID-19 testing for Tribal members and employees. Established patients of Cow Creek Health and Wellness Center can call (541) 672-8533 and press #3 for the Roseburg Clinic to schedule a COVID-19 vaccine or booster appointment.

TESTING: Cow Creek Health and Wellness Centers are no longer offering free community testing. Testing is available by appointment only for established patients of Cow Creek Health and Wellness Center, Tribal members or employees of the Cow Creek Tribe by calling (541) 672-8533 and pressing #4 for the Canyonville Clinic to schedule a COVID-19 testing appointment.

 **ROSEBURG VA HEALTH CARE SYSTEM:** Veterans can set up an appointment COVID-19 vaccine, by calling the Roseburg VAMC at (541) 440-1000.

 **DOUGLAS COUNTY SENIOR SERVICES** can help local seniors with resource questions, as well as helping to locate testing and vaccination sites in your local area, call (541) 440-3677.

****Please note for residents under the age of 14, this will require a parent or guardian to accompany them and give written consent for the vaccine. Under Oregon law, minors 15 years of age and older may consent to medical treatment, including vaccinations, when provided by a physician, physician assistant, naturopath, nurse practitioner, dentist or optometrist, or other professionals operating under the license of these providers; however, families are encouraged to make decisions about vaccinations together.*
