DOUGLAS COUNTY COVID-19 RESOURCE PAGE

UPDATED: TUESDAY, MARCH 8, 2022

REMINDER: DOUGLAS COUNTY COVID-19 UPDATE HAS MOVED TO A WEEKLY PUBLICATION

On Wednesday, March 9, 2022, we will release our 672nd and final Douglas County COVID-19 Weekly Update to the citizens of Douglas County. However, our team will continue to post our [COVID-19 Seven Day Case Update Chart](#), as well as our updated information list of [Local COVID-19 Resources](#) to the county website (www.co.douglas.or.us) weekly on Wednesdays for the immediate future. So, today is our last weekday posting, as the next Douglas County Seven Day Case Update Chart and Local COVID-19 Resource guide will be published on Wednesday, March 16, 2022.

DOUGLAS COUNTY COVID-19 WEEKLY UPDATES WILL COME TO AN END NEXT WEEK

As the 1374 proverb, which is said to be credited to Geoffrey Chaucer, so eloquently states, “**All good things must come to an end,**” so too is the fate of our renowned and nationally recognized Douglas County COVID-19 Updates. Next week, on Tuesday, March 8, 2022, we will pass the two year mark since the first positive case of COVID-19 was identified in Douglas County. March 8, 2020 also marks the anniversary of our first Douglas County COVID-19 update. On Wednesday, March 9, 2022, we will release our 672nd and final Douglas County COVID-19 update to the citizens of Douglas County. So, it is fitting that we mark our two year anniversary with some closure. But, with our closure announcement we also want to mark this date with tremendous amount of thanks, hope, faith, freedom and a nod to the dawning of our recovery from this two plus year pandemic emergency.

Since the very beginning of the pandemic, Douglas County Commissioners, Tim Freeman, Chris Boice and Tom Kress made our COVID response the priority in Douglas County. They established an Emergency COVID Command Center. They invited local agencies to join our efforts, thus creating the Douglas County COVID-19 Response Team (DCCRT) and over the last two years have exceeded the goals and objectives set forth nearly 730 days ago. As a part of the original mission statement for the DCCRT, the Commissioners established five incident objectives, which included a very important communication component. By almost every standard, our Douglas County COVID Joint Information Team has exceeded in our quest to help keep our citizens informed in a clear, concise and consistent manner.

Commissioners Five Incident Objectives established for our local COVID Response:

1. **Minimize loss of life of for Douglas County citizens due to the COVID-19 virus through education, mitigation and containment.**
2. **Protect Medical System from being overwhelmed with COVID-19 Cases by coordinating long term strategic response plans and identifying local thresholds with appropriate local response**
3. **Ensure safety of all health care providers by facilitating the acquisition and distribution of available PPE by utilizing local, state and federal resources.**
4. **Ensure appropriate, timely and coordinated communications to cooperators and the public.**
5. **Support operational needs by leveraging available Douglas County resources.**

Our announcement to end our updates comes on the heels of the last variant surge, a definitive decline in cases locally, regionally and nationally, as well as the announcements from the State about the lifting of face coverings for indoor settings and schools (latest date is set for Friday, March 11, 2022 at 11:59 pm). Please know that if the need arises to restart the updates, we will do so.

AVIVA HEALTH HAS REOPENED THEIR DRIVE-THROUGH COVID VACCINE, BOOSTER AND TESTING CLINIC TO WALK-INS. VACCINES AVAILABLE ON SATURDAYS THROUGH MARCH

ages 12+. They are being offered on a walk-in basis, so no appointments are necessary. For ages children, 5-11, please call (541) 271-0105 to schedule a pediatric dose.

LOCAL VACCINE AND BOOSTER AVAILABILITY REMAINS HIGH

The COVID-19 vaccines and booster doses are readily available around the county. Check with your health care provider, AVIVA Health, Umpqua Health, Lower Umpqua Hospital, local pharmacies, Roseburg VA or attend a local drive-thru clinic.

1. **Our Local COVID Hotline is Still Active and Available.** Our local COVID-19 hotline at **(541) 464-6550** has been in operation since March of 2020. They are ready and available to help answer your COVID-19 related questions about vaccine availability, how to isolate or quarantine, provide referrals for care and when/where to get tested. The hotline is open 7 days a week from 8:00 am to 5:00 pm. Just a reminder that the hotline does not provide medical advice. If you need medical attention or advice, please contact your health care provider or a local urgent care facility.
2. **DPHN's EPI-Team is Still on the Job.** As they have since the beginning, Douglas Public Health Network (DPHN), our local public health contractor works under the Douglas County Commissioners, Tim Freeman, Tom Kress and Chris Boice, who still retain the Public Health Authority for the County. DPHN will continue to conduct local case investigations; provide case management and education; offer support services to isolated cases and maintain their tracking and reporting systems.
3. **We Encourage Everyone To Get Your Initial Series, And If Eligible, Get A Booster.** If you had a previous infection, a dose of the mRNA vaccine will increase your immunity. Vaccines are available from Aviva Health locations, Lower Umpqua Hospital, local health care providers, urgent care facilities and local pharmacies. Call ahead for availability or to make an appointment online for these vaccine locations.
4. **Please Help to Protect our Emergency Systems.** Please do not call 911 or the hospital to ask COVID-19 questions. We need our emergency systems to continue to function and be available for those that need it most. If you are not seriously ill, but need medical advice or want testing, please contact your health care provider. If you don't have a provider, please call our local COVID Hotline at (541) 464-6550 and they will try to help connect you with a local health care provider.

WE CONTINUE TO ENCOURAGE RESIDENTS TO STAY HEALTHY

Our team continues encourage everyone, for the sake of our local businesses, services, economy and neighbors, to make the best decision for yourself and your family in order protect those around you from contracting or spreading the coronavirus disease. We have provided education on implementing the widely proven and age-old safety measures to prevent the spread of respiratory illnesses, including COVID-19 and influenza. Our team encourages you to access your risk and comfort level, and make the best choice for you and your family.

1. Please stay home from work, school, shopping or running errands if you are sick.
2. Please consider getting vaccinated, if you have not gotten the shot yet. Get the booster dose too!
3. Cover your coughs and sneezes with a tissue, and then throw the tissue in the trash.
4. Wash your hands often with soap and water for at least 20 seconds.
5. If soap and water are not readily available, use an alcohol-based hand sanitizer that contains at least 60% alcohol.
6. Consider wearing a face covering when you are around those not from your immediate household or when you are in indoor settings.
7. Avoid close contact with people who are sick.
8. Avoid touching your eyes, nose and mouth with unwashed hands.

→ Information (541) 672-3311

9. Never visit a hospital or long-term-care facility if you have a fever or cough due to an illness.
10. Clean and disinfect surfaces that are frequently touched.
11. Delay or limit travel to COVID hot spots or highly populated areas.
12. Take care of your health overall. Staying current on your vaccinations, including flu vaccine, eating well and exercising all help your body stay resilient.
